

Thin Brick from Redland Brick

With Thin Brick from Redland Brick, you can add the classic beauty of genuine clay brick to your home without the weight, mess, and cost of concrete footings.

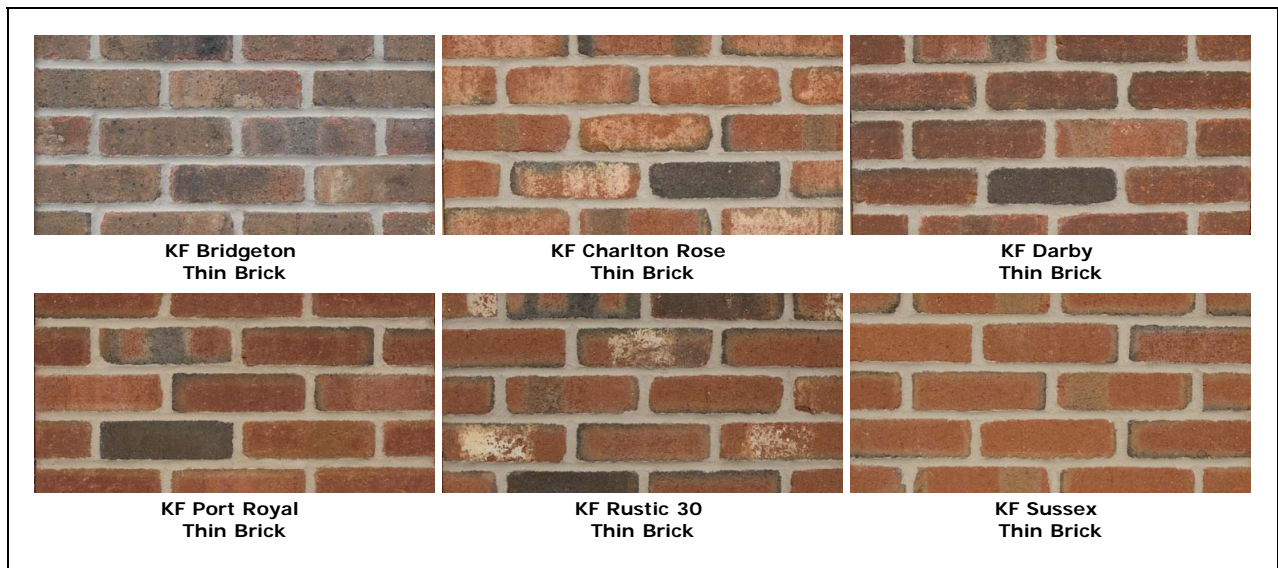

The possibilities are endless! You can cover your concrete foundation or even an entire wall, because our Genuine Clay Thin Brick can be used for interior and exterior applications. Add brick to your den, kitchen, or even your new gas fireplace.

Thin Brick is available in **all** KF colors!
