Eastern Bay Stone™

60MM MULTI-USE PAVER

The Genest Eastern Bay Stone is a versatile paving stone. Not only was it designed to be used as a conventional paver, but it can also be used as a permeable paver for storm water management. Choose from 4 colors and use any of the four layering styles or use as a border stone to compliment our Antiqued Paver collection.

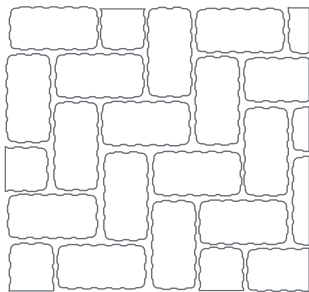

Packaging:

- 128 sq. ft. per pallet
- 10 layers per pallet
- 12.8 sq. ft. per layer
- 40 pieces per layer
