

5" Colonial Wall

The Colonial Wall System features a distinctive double-sided face, hard-split finish. The tongue and groove locking mechanism will ensure a solid connection and helps facilitate rapid installation. There is also a prepackaged Colonial Pier to add the finishing touch to your wall.

Cap sold separately

NOTE: All walls over 2' in height or as required by local code should be designed by a licensed professional engineer. All measurements are nominal. Variance in square footage or linear footage coverage can be up to 5% depending on joint width. The possible occurrence of efflorescence does not affect the structural integrity of the product. Efflorescence is a normal occurrence in concrete products and will dissipate with normal weathering. The use of concrete as a base or setting bed may increase the possibility of efflorescence.
