

Mini Colonial Wall

The Mini Colonial Wall System features a distinctive double-sided face, offered in hard-split rock face finish. It is available in three face lengths and includes corner units (packaged on a combined pallet). You can build the Mini or 6" wall individually or combine them for added dimension. There are also prepackaged Colonial Pier kits to complement your walls.

Cap sold separately

NOTE: All walls over 2' in height or as required by local code should be designed by a licensed professional engineer. All measurements are nominal. Variance in square footage or linear footage coverage can be up to 5% depending on joint width. The possible occurrence of efflorescence does not affect the structural integrity of the product. Efflorescence is a normal occurrence in concrete products and will dissipate with normal weathering. The use of concrete as a base or setting bed may increase the possibility of efflorescence.
