

Mountain Block

Mountain Block's single sided face provides a unique stone texture with its 4" x 12" wall face. Solid block makes this system structurally sound for walls with a maximum height of 36". Its organic design stylishly connects your home to its natural surroundings. Nicolock's Rockface Multi-Cap can be used to add the finishing touch to a great outdoor setting.

NOTE: All walls over 2' in height or as required by local code should be designed by a licensed professional engineer. All measurements are nominal. Variance in square footage or linear footage coverage can be up to 5% depending on joint width. The possible occurrence of efflorescence does not affect the structural integrity of the product. Efflorescence is a normal occurrence in concrete products and will dissipate with normal weathering. The use of concrete as a base or setting bed may increase the possibility of efflorescence.
